

Franklin Eventoff Does It Again

XactFSR is a **highly accurate and consistent**, low cost force sensing resistor. **XactFSR** provides tolerances that are consistently accurate throughout **hundreds of continuous feet** of sensor. **XactFSR** changes the way the world interacts with force sensing technology.

Screen Printing has been the industry standard for many years. With **XactFSR**, Sensitronics has developed a new proprietary method to create force sensing resistors with **unrivaled tolerances of 3-5%**.
